

Aussie General Considerations for Australia

- Ride on the **LEFT** side of the road.
- Odyssey local resources are going to be stretched, simple because access to trucks, vehicles, etc. is limited because of the Olympics. Sydney is discouraging vehicle travel during the Olympics and has established a pretty involved bus, train and ferry transportation system for access to the Olympics. When holding tickets, and they should be easy to get, many transportation options are free. In Goulburn, the Showgrounds is also a bus terminal for the Olympics with buses running 18+ hours a day.
- Expect daylight from 6:00 am to 6:00 pm. I believe New South Wales has begun daylight savings time early to benefit the Olympic games.
- We will likely have dinner from 6:00 to 7:30 pm each evening. Check the board.
- Most Australians speak an understandable English, but you have to pay careful attention and even watch their lips for clues to what is being said, especially in some remote areas of the country.
- Australians are awesome. Expect a BBQ or two and plenty of good Aussie beer.
- Generally the roads and most intersections are well marked.
- It will be fall when we leave Europe and Spring when we land in Sydney. Expect marginal springlike conditions. Rain and cooler temperatures are likely, especially in the higher elevations between Canberra and the coast.
- The US\$ is continuing to gain strength against many international currencies, and the Aussie \$ is no exception. Expect the USD to be worth about \$1.8 in Australian dollars.
- We arrive in Canberra, ACT, then pedal into New South Wales, the state boasting Sydney and host to the 2000 Summer Olympics. Then it's off to points north, into the diverse state of Queensland, for some warmer tropical weather and a visit to the Great Barrier Reef.
- For the most part, our route is on pretty good road surfaces, even though shoulders might be lacking on some. Expect construction in places and a mixture of traffic volumes.
- Similar to Scandinavia, Australia has very strict drunk driving laws and active enforcement.
- You will enjoy your time down under, guaranteed!
- Expect to pedal to the airport in Caberrra, from the airport in Townsville and to the airport in Cairns.
- Kilometers, not miles.

Camp Services:	Store at the hotel/campground. Canberra services begin in 1.5 kms, downtown is 7 kms.
Facilities:	We are bunk-bedding it with individual beds, up to 11 per room at this neat, park like facility.
Sanitation:	Each room has a shower, toilet and sink. The main restroom has 5 showers in men's and 5 in women's. Plenty of additional facilities exist as well.
Dinner:	Dinner both nights from 6:00 to 7:30 pm.
Breakfast:	Today's arrival breakfast is 8:00 to 10:00 am, tomorrow's from 8:00 to 9:30 am and Tuesday from 6:3 to 8:00 am.
Laundry:	Two laundry rooms exist with 2 washers and 2 dryers in each facility.
Gear trucks:	For the remainder of Odyssey, the gear truck opens 15 minutes before breakfast and closes 15 minutes after breakfast is scheduled to end. Please respect these hours. We are using the "Ryder style" box trucks for the remainder of Odyssey. We will try to organize a truck so you can leave some stuff on the truck if it is well marked and you have asked someone responsible to look after it. Whoever is handling your bags should check the ground each and every day to make sure your bags didn't get offloaded. TK&A is not taking any responsibility for bags left on the ground.
Tomorrow:	Enjoy a relaxed day in this incredible country or head for the hills or the Olympics.

DAY 262 Canberra layover day

18-Sep Mon

Tomorrow:	114.8 kilometers. Beautiful ride. Hectic for first half, relaxed and relatively quiet second half. Undulating farm lands. No high mountains. Beautiful vistas. Old country towns. We will be crossing the Great Dividing Range. Expect cool, wet weather.

Services: Goulburn is a full service community and fairly close to camp. We are fortunate to be hosted by the Goulburn City Council at the Goulburn Racecourse and Showground. Expect it to be busy, however. As mentioned, the Showgrounds are being used as an active bus terminal in and out of Sydney for the Olympics, and run quite late at night.

Camping: Please ask about our camping area at check-in.

Toilets: Plenty in a couple of different locations.

Showers: Should be enough, otherwise we will setup TK&A showers.

Dinner: Dinner will be from 6:00 to 7:30 pm at or close to camp.

Breakfast: Breakfast will be from 6:30 to 8:00 am at or near the campground.

Tomorrow: 169.9 kms, second longest day of Australia due to the location of our selection of accommodations. Rolling, beautiful terrain with a super descent to the coast. Busy coastal area.

Services: Wollongong is a sizeable coastal community with full services, including a train station a short 5 minute or so walk from our housing.

Camping: We are guests at the University of Wollongong's Campus East student housing, staying in college dorm rooms, 2 to a room. Less than 2 months ago the University decided to allow outside use of their dorms during the Olympic period. As an alternate plan, we had tentatively reserved cabins (4 or 5 to a cabin) in two close-by campgrounds but held out hoping for the University to allow our use. Although many students have elected to remain on campus or to "keep" their rooms during this period, they have come up with a creative solution. Expect to see plenty of students on campus, some in rooms adjacent to ours.

The University is able to accommodate Odyssey by putting an extra mattress (with linen) on the floor of these normally single person rooms. It's going to be a little tight, but we feel it is the most favorable solution anywhere around Sydney. As stated before, access to Sydney from here is frequent and about an hour by train. Plus the Campus is quite, esthetically pleasing, near services and close to the beach for those non-Sydney days.

Toilets: In pods.

Showers: In pods.

Dinner: Dinner is being catered by and at the University from 6:00 to 7:30 pm each evening of our stay.

Breakfast: Dinner is being catered by and at the University from 8:00 to 9:30 each morning of our stay, except for Sunday when breakfast will probably be from 6:0 to 7:00 am.

Tomorrow: Enjoy Sydney, the Olympics, the beach or Wollongong. Don't forget, we have to pack up bikes and excess gear Friday morning.

Day 265 Wollongong layover day

21-Sep Thu

Day 266 Wollongong layover day (gear transfer day)

22-Sep Fri

Action: 8:30 – 10:00 am load bikes, camping gear and all the personal gear you don't need onto 2 trucks bound for Townsville. Trucks depart at 10:00 am. If you are not going to be here, please arrange for a trustworthy friend to take care of your gear and bike. NOTE: prepare for biking a few kilometers from the airport to the campground.
